

PROJECT MANAGEMENT 2.0

Get connected and improve outcomes with a more modern approach to project management

Project Management 2.0 tackles the new emerging approach and toolset for practicing project management in a virtual world. Author Harold Kerzner is recognized as *the* thought leader in project management, and in this book, he shows how PM 2.0 offers better outcomes with a focus on new tools, better governance, improved collaboration, and more meaningful reporting using KPIs, metrics, and dashboards.
