Member Disaster Relief, Inc. provides humanitarian assistance to Project Management Institute (PMI) members in connection with catastrophic losses following natural or man-made disasters, in particular Hurricanes Katrina and Rita.

Started by PMI member leaders who want to make a difference, this 501(c)(3) charitable organization provides assistance in meeting immediate needs such as food, clothing, shelter. It also provides assistance for employment, legal needs and coping. Its Member-to-Member Program provides one-on-one overall assistance to the member-in-need by other PMI members and the public not affected by the disaster.

Are you a Project Management Institute (PMI) member who has been displaced by Hurricanes Katrina, Rita or other recent natural or man-made disasters? We can help you.

Are you a PMI member not affected by a disaster? Help us make a difference by volunteering. Help a fellow PMI member-in-need.

Cash donations are greatly needed. Please consider making your tax-deductible gift to this worthwhile, humanitarian cause today.
